## The Uncertain T Legacy

Happy Holidays!!! I hope your Thanksgiving brought great food, joyful gatherings, and wonderful memories. I spent my holiday at the beach and had the pleasure of a nostalgic ride in my dad's TD. I hope you took advantage of the perfect weather and took your MG out for a spin in the sunshine!

While we've taken December off from events, your new board is still hard at work getting ready for 2016. Our Treasurer, Ginger Zingales, assures us that we have sufficient funds in our bank account. Geoff Kent, the new mgTalk Editor, should provide some extremely entertaining reading material starting with the January issue. The 2016 Calendar is on our website and George Haldane, our new VP and event's coordinator is looking for some volunteers to host the Feb, July, & Nov. events. Judy Rogers, our Secretary and Regalia chairperson, has new stock of those fantastic "Recycle" hats in all colors. They've been a huge hit with almost 30 sold so far!

As for me, I'd like to take a minute and thank last years outgoing board members. We'll miss Jim Mercure's crazy antics but understand his hectic schedule as he works on the new Atlanta stadium. We'll also miss the steady hand of our past president John Kreimer and hope his retirement from the board gives him ample time to get that TD running! We've posted a photo review of 2015 on our website at [www.semgr.org](http://www.semgr.org) for you to enjoy!

See you in 2016! *Beth*
